

The Jiffy group has over 40 years world-wide experience in the plant propagation business producing environmentally sound solutions for the grower. Jiffy works closely with its peat suppliers to ensure that it only uses peat harvested from bogs that are capable of re-generating and not peat from sites of special interest. Wood pulp used in the production of Jiffy Pots is sourced in-house and the group re-plants 10 trees for every 1 tree harvested.

Jiffy Pots

Manufactured from a blend of peat and wood pulp, Jiffy Pots allow root penetration whilst still remaining strong enough to be easily handled on the nursery.

Benefits -

- 1 Air pruning - stimulates root development
- 1 Increased potting speeds - no pots to remove
- 1 No root shock when transplanting
- 1 Suitable for automatic dispensers
- 1 100% degradable - no plastic pots to recycle or dispose of
- 1 Available with slits to aid early potting of over-wintered stock

FARGRO CODE	DIAMETER X HEIGHT (CM)	NUMBER PER M ²	NUMBER PER CARTON
To order	5.5 x 5 (slits)	330	3400
To order	6 x 6 (slits, R&S)	275	3000
To order	8 x 8 (slits, R&S)	135	1400
JIRP3	8 x 8 (R)	135	1400

Jiffy - 7 Pellets

Jiffy - 7 compressed peat pellets are made from sphagnum peat, with added coir pith for improved drainage, lime to achieve a pH of approximately 5.3, and a special low ammonium fertiliser to stimulate growth.

FARGRO CODE	DIAMETER (MM)	SIZE	NUMBER PER CARTON
JISEC	25	27 x 33	3312
JISED	30	33 x 33	2000
To order	38	41 x 42	1000
JISEB	42	44 x 42	1000

Faster & superior root development - better quality, more compact plants.

Long product shelf life.

Jiffy - 7 Pellet-Pack (Improved)

Pellet-Pack trays are manufactured from high quality recyclable plastic.

FARGRO CODE	SIZE JIFFY-7	TRAY SIZE (CM)	NO. PER TRAY	NO. PER M ²	NO. PER CARTON
JISEN	25mm	30 x 50	104	625	1456 (14 x 104)
To order	30mm	32 x 52	84	540	63000 (750 x 84)
To order	38mm	32 x 52	60	375	39000 (650 x 60)

Jiffy - 7 Poly-Roll

When required, 38 and 42mm Jiffy-7 pellets can be delivered as a Poly-Roll. Pellets are stapled on to a perforated plastic film (polyethylene) or a thin water dispersing capillary mat (non-woven). Poly-Rolls come in widths of 50 to 80cm and lengths of 4 to 20 metres. Pellet spacing can vary according to customer needs from 110 to 490 pellets per m². Poly-Rolls are supplied in pallets of approx. 40,000 pellets.

Jiffy Pot-Packs

Jiffy Pot-Packs have been developed to lighten the burden for the grower, while at the same time reducing the danger of pests and other damage to the plants. The trays are made from 0,2-0,5mm polystyrene which is regarded as the most environmentally friendly plastic product.

FARGRO CODE	DIAMETER X HEIGHT (CM)	NUMBER PER M ²	NUMBER PER CARTON
To order	4 x 5, with hole	750	3696
To order	8 x 8, with hole	150	600
To order	6 x 6, slits	300	1125

Jiffy Shuttle Tray

Shuttle trays designed to fit Jiffy Pots and manufactured from high quality re-usable and recyclable plastic.

FARGRO CODE	DESCRIPTION	NUMBER PER CARTON
To order	20 Cell Tray for 8 x 8 pots	
To order	40 Cell Tray for 6 x 6 pots
